Advertisements which are not recognisable as advertisements due to their editorial design shall be clearly identified as such by the Publisher with the word «Advertisement».
8. The publisher reserves the right to reject advertisement orders - including individual call-offs within the framework of a contract - and insert orders on the basis of uniform, objectively justified principles of the publisher due to their content, origin or technical form, if their content, in the publisher's due discretion, violates laws, official regulations or morality, or if their publication is unreasonable for the publisher. This shall also apply to orders placed with offices, receiving offices or representatives. Orders for inserts shall only be binding on the publisher after submission of a sample of the insert and its approval. Inserts which, due to their format or presentation, give the reader the impression that they are part of the newspaper or magazine, or which contain third-party advertisements, shall not be accepted. The client shall be informed immediately of the rejection of an order.
9. The client shall be responsible for the timely delivery of the advertisement text and faultless printing material, or of the inserts, bound inserts, tip-ons, etc. The publisher shall immediately request a replacement for recognisably unsuitable or damaged printing material. The publisher shall guarantee the usual printing quality for the title used within the scope of the possibilities offered by the printing material.
10. In the event of wholly or partially illegible, incorrect or incomplete printing of the advertisement, the customer shall be entitled to a reduction in payment or to a faultless first advertisement, but only to the extent to which the purpose of the advertisement was impaired. If the publisher fails to meet a reasonable deadline set for this purpose or if the replacement advertisement is again not faultless, the client shall be entitled to a reduction in payment or cancellation of the order. Claims for damages arising from positive breach of contract, culpa in contrahendo and tort are excluded - even if the order was placed by telephone; claims for damages arising from impossibility of performance and delay are limited to compensation for foreseeable damage and to the fee payable for the advertisement or insert in question. This shall not apply to intent and gross negligence on the part of the publisher, his legal representative and his vicarious agent; in other cases, liability for gross negligence vis-à-vis merchants shall be limited to the extent of the foreseeable damage up to the amount of the advertisement fee in question. Complaints must be made - except in the case of non-obvious defects - within four weeks of receipt of invoice and receipt.
11. Proofs shall only be supplied upon express request. The client shall be responsible for the accuracy of the returned proofs. The publisher shall take into account all corrections of errors which are communicated to him within the period of time when the proofs are sent.
12. If there are no special size regulations, the actual print height customary for the type of advertisement shall be used as the basis for calculation.
13. If the client does not make an advance payment, the invoice shall be sent immediately, but if possible 14 days after publication of the advertisement. The invoice shall be paid within the period stated in the price list, starting from receipt of the invoice, unless a different payment period or advance payment has been agreed in individual cases. Any discounts for early payment shall be granted in accordance with the price list.
14. In the event of default or deferment of payment, interest and collection costs shall be charged. In the event of default in payment, the publisher may defer further execution of the current order until payment has been made and demand advance payment for the re-

maining advertisements. In the event of reasonable doubt as to the solvency of the customer, the publisher shall be entitled, even during the term of an advertising contract, to make the publication of further advertisements dependent on the advance payment of the amount and on the settlement of outstanding invoice amounts, irrespective of any originally agreed payment period.

15. The publisher shall supply an advertisement voucher with the invoice on request. Depending on the type and scope of the advertisement order, advertisement cuttings, voucher pages or complete voucher numbers will be supplied. If a voucher can no longer be obtained, it shall be replaced by a legally binding certificate from the Publisher confirming the publication and distribution of the advertisement.
16. The client shall bear the costs for the production of ordered printing blocks, matrices and drawings as well as for significant changes to originally agreed designs requested by the client or for which the client is responsible.
17. In the case of a contract for several advertisements, a claim to a price reduction can be derived from a reduction in circulation if the overall average of the insertion year beginning with the first advertisement falls short of the average circulation stated in the price list or otherwise or - if a circulation is not stated - the average paid circulation (in the case of trade journals, if applicable, the average actually distributed circulation) of the previous calendar year. A reduction in circulation shall only be a defect justifying a price reduction if it amounts to 20 per cent for a circulation of up to 50,000 copies. In addition, claims for price reductions shall be excluded for contracts if the publisher has informed the client of the reduction in circulation in such good time that the client was able to withdraw from the contract before publication of the advertisement.
18. In the case of box number advertisements, the publisher shall exercise the care of a prudent businessman for the safekeeping and timely forwarding of the offers. Registered letters and express letters on box number advertisements shall only be forwarded by normal post. Receipts on numbered advertisements will be kept for four weeks. Letters which have not been collected within this period will be destroyed. The publisher will return valuable documents without being obliged to do so. In the interest and for the protection of the client, the publisher reserves the right to open the incoming offers for inspection purposes in order to eliminate misuse of the box number service. The Publisher shall not be obliged to forward commercial promotions and offers of mediation.
19. Films and data carriers will only be returned to the client on special request. The obligation to store them shall end three months after expiry of the order.
20. Place of performance is the registered office of the publisher. The place of jurisdiction is the registered office of the publisher. Insofar as claims of the Publisher are not asserted in dunning proceedings, the place of jurisdiction for non-merchants shall be determined by their place of residence. If the place of residence or habitual abode of the client is unknown at the time the action is brought or if the client has moved his place of residence or habitual abode outside the area of application of the law after conclusion of the contract, the place of jurisdiction shall be the registered office of the publisher.

Additional terms and conditions of the Publisher

- a) The Publisher shall exercise due diligence in the receipt and examination of advertising copy, but shall not be liable if it is misled or deceived by the Advertiser. By placing an advertisement order, the advertiser undertakes to bear the costs of publishing a counter-statement relating to factual allegations made in the published advertisement, in accordance with the applicable advertisement rate.
- b) The Advertiser shall be responsible for the content and legal admissibility of the text and image material provided for the insertion. It is the responsibility of the Advertiser to indemnify the Publisher against claims of third parties which arise against the Publisher from the execution of the order, even if it was not suspended in good time. The publisher is not obliged to check orders and advertisements to determine whether they infringe the rights of third parties. If advertisements are not suspended in time, the client shall not be entitled to any claims against the publisher. The client shall also indemnify the publisher against all claims arising from infringements of copyright.
- c) Cancellations must be made in writing. If an advertisement is cancelled, the publisher may charge for the typesetting costs incurred.
- d) Offers from intermediaries for classified advertisements will not be carried.
- e) Cases of force majeure as well as industrial action shall release the publisher from the obligation to fulfil orders and pay damages.
- f) The publisher reserves the right to set special prices for advertisements in publisher's supplements, special publications and collectives.
- g) Advertising intermediaries and advertising agencies are obliged to adhere to the publisher's price list in their offers, contracts and settlements with advertisers. The agency fee granted by the publisher may not be passed on to the client either in whole or in part.
- h) If any defects in delivered printed matter, such as bound inserts, tip-ons, etc., are not immediately recognisable, but only during processing, the advertiser shall bear any additional costs or losses incurred as a result during production.
